

Capabilities Statement

NuPhotonics is committed to advancing the RF and Opto-Electronics industry one innovation at a time. In collaboration with our partners and customers, we are creating the transformative technologies of tomorrow. Join us as we unlock the limitless potential of the future.

NuPhotonics

Core Competencies

- Advanced Measurement Capabilities
 - Network Analyzer
 - Optical Network Analyzer
 - Spectrum Analyzer
 - Signal Generators
 - Direct to Die
 - Optical
 - Electrical
- Design & Simulation
- Semi-Conductor Packaging
 - Complete Device Capabilities
 - Custom solutions
- 2D/3D Fabrication Technologies
 - 3D Printing
 - SLA
 - SLS
 - FDM
 - Inkjet/Aerosol
 - CNC and Laser Cutting
- Ceramic PCB Manufacturing
 - Laser and Waterjet Cutting

Distributors

DigiKey

Corporate Information:

NuPhotonics LLC
48155 West Rd. Suite 11
Wixom, MI
48393, USA

UEI: XRECP3421Z94

DUNS: 109291839

NAICS Code: 334413

SIC Code: 6512

Differentiators

- Solutions from engineering to manufacturing
- Vast portfolio of contract manufactures
- License control for commissioned designs
- Low to high volume manufacturing
- Custom designs
- Low NRE costs
- Vast product Line
